From The Comanche Chief, February 8, 1918

A Comanche County Auto Club will be organized at the Court House Saturday and every auto owner is urged to be present. The purpose of the club is to prevent the State from passing laws hurtful to car owners and to advocate better roads.

Hart Shoemaker and Miss Rebecca Bradshaw were married at the home of the bride's parents in Kimble County February 5th. 3616 polls were paid up to February 1 according to N. N. Durham, Collector. (Note: Women were not required to pay a poll tax at that date.)

Miss Kizzie Fisher, 19 year old daughter of Mrs. S. K. Fisher died late Sunday afternoon.

Births: To Mrs. Hardy Jones, girl; Mrs. M. Coleman, girl; Mrs. John Eanes, girl; Mrs. Robert Foster, baby, sex not given.

The Cotton Grove school house was destroyed by fire Friday afternoon. The teachers are Mrs. Hickey, Miss Cannon and Miss Smedley.

An attack has been launched against Secretary of War Baker because he is opposed to universal military training. Those who favor war want Baker removed, especially those engaged in selling munitions. Keep your eye on your congressman. Remember we do not have Oscar Callaway there now.

80 Per Cent Of City Taxes Paid

Approximately 80 per cent of the 1937 City taxes were paid up to February 1 according to a statement of City Tax Collector Hill Huddleston who said that \$17,590.23 was paid out of \$22,170.09 assessed. The penalty has not yet been ordered on by the City Council and payments are still being made by those who wish to take advantage of the period of grace allowed before the penalty is set.

About the same ratio of Comanche school taxes were paid. Mr. Huddleston stated. Total payments for the school amounted to \$13,073.52 out of \$16,811.79 assessed.

In addition to the amounts as pointed out, considerable delinquent taxes have been paid during the last three months, Huddleston said.

One hundred and forty-four city poll taxes were paid as compared

Liquor Taken In Two County Raids

Three barrels of mash and a 55 gallon still were taken in a raid on Rush Creek by Constable Joe Underhill of De Leon assisted by Guy Hale, Federal Liquor Officer of Eastland Tuesday. Charges were filed against the owner in Federal Court.

A raid was made on a Comanche residence Thursday afternoon by J. D. Peiphrey of Brownwood, representative of the State Liquor Board and Comanche officers. Thirteen gallons of home brew and 153 pints of beer were taken. Charges were filed in County Court.

Free Show Today At New Majestic

There will be a free show at the New Majestic Theatre today at 2 p. m., entitled "Husbands Are Good For Something," fostered by the Coolerator Company through the courtesy of The Community Public Service Company. Those wishing free tickets are asked to call on Mr. Harris at the ice plant. Tickets will be issued to adults only.

The picture is not only entertaining and dramatic, but is educational.

Although the W. J. Dobbs' Hodges No. 1 well is shut down awaiting pipeline connection, the trade in leases in the Duster oil area continues active, according to abstract firms in Comanche and De Leon.

The Dobbs firm, Dallas, is reported to be taking more leases in the section surrounding its well located on the Hodge tract 16 miles northwest of Comanche, and Sells Petroleum Company, with headquarters in Dallas, is reported to have leased the Jim Smith heirs tract north of the Dobbs well, and have signed a contract to drill a well as quickly as title can be accepted. Price paid for the Smith lease is reported to have been \$25.00 an acre.

C. L. McHaney, independent operator of Dallas, with holdings at Long Lake and who also operates and owns production in the Overton and Kilgore areas, has purchased the Coalson tract lease which lies just west of the Hodges land. The sale did not carry with it a contract to drill, but is considered quite likely that a well will be drilled on this tract in the very near future.

Negotiations between Dobbs and the Humble Company which owns a pipeline located several miles south of the well, have been underway, and it is considered likely that a deal will be made through which Humble will build the line to the Dobbs well.

"Cold water" rumors regarding the well have been circulated here, but an oil man who was in Comanche Wednesday night said that the Dobbs' Hodge No. 1 was definitely a producer showing 43.3

Prize List For Comanche Calf Show Is Given

By J. R. Eanes
At a recent meeting of the Livestock Committee the date for the Third Annual Calf Show was definitely set for Wednesday, March 9th, and the show will be held at the local ball park.

Prizes in the show are in four divisions, Senior Hereford, Junior Hereford, Senior Shorthorn, and Junior Shorthorn, with identical prizes in each division. The prize list follows: First, \$12.50; Second, \$7.50; Third, \$5.00; Fourth, \$3.00; Fifth, \$2.00.

An addition \$12.50 prize for Grand Champion and \$7.50 prize for Reserve Champion, also is offered.

For best fed lambs, \$7.50 first; \$5.00 second; \$3.00 third; \$2.00 fourth; \$1.00 fifth, with an addition \$5.00 premium for best five lambs fed by boy or girl. In the Pig Show, premiums are \$5.00, first; \$4.00, second; \$3.00, third; \$2.00, fourth, and \$1.00, fifth, with an additional prize of \$5.00 for best litter of pigs fed by boy or girl.

Attending the committee meeting were J. E. Allcorn, C. M. Albin, Walter Barrett, John Burton, W. Z. Compton, Tom Holmesley and N. E. Scudder of Comanche, with C. M. Caraway and J. Doss Miller of De Leon and Mr. Bell, vocational teacher at Comyn, representing their section of the county. Much interest was manifested at the meetings and it was agreed that greater efforts should be put forth by growers to raise the standard of all livestock.

This show is open to all members of Comanche County 4-H Clubs, all F. F. A. boys and all members of Comanche County high school vocational classes.

It was agreed that weights governing in the calf show should be 850 pounds and above for the senior division, and 849 pounds and down for the junior division.

Any boy or girl feeding a calf of breed other than Hereford or Shorthorn will be entitled to enter the class of their choice.

Happy

If you would be happy render services to others and maintain a sense of humor, Dr. C. C. Klingman, above, told members of the Lions Club Tuesday in an address on "Roads to Happiness."

Compton Heads Teacher Group

W. Z. Compton, principal of the Comanche High School and director of vocational education, was elected president of the Comanche County Teachers Association at a meeting of that body at the high school building Monday evening. He succeeds Supt. E. H. Boulter of De Leon, who had been president of the body since its organization.

Other officers elected include: Marvin Kay, vice-president; H. F. Davis, second vice-president; Miss Clarice Barton, secretary, and B. Ray McCorkle, treasurer. A new constitution was adopted at the meeting.

Addresses at the meeting were made by Representative Tolbert Patterson and Dr. C. C. Klingman. The Comanche High School Band furnished music for the occasion.

Mrs. Goulda Collins Dies At Dallas

Mrs. Goulda McCullough Collins, 52, died at her home 1715 N. Peak St., Dallas, last Friday from pneumonia.

She was born and reared in the Baggett community, being the daughter of the late John McCullough.

She was a member of the Forest Ave Baptist Church.

She is survived by her husband and three children, J. D. Leo and Lula Maud, all of Dallas. She was a sister of Mrs. D. T. Coker and Sherwood and Tom McDonald of Comanche.

ARCH ADAMS IS NOW HONEY GROVE BANKER

Arch Adams, former Comanche banker, is now vice-president and manager of the First National Bank of Honey Grove of which P. A. Norris, East Texas and Oklahoma banker, is president.

Resources of the bank have increased from \$650,000 to over \$950,000 since Mr. Adams took charge of the bank last May.

Mr. Adams worked in the First National Bank at Comanche in 1899 and 1900 and later moved to Jacksonville where he continued in the banking business. He was owner of Comanche business property for a number of years, disposing of it a few years ago.

BLANKET WOMAN IS SERIOUSLY BURNED

Mrs. W. L. Reagan of Blanket was seriously burned at her home Sunday night when a gasoline lamp ignited her clothing.

She was treated at a Brownwood hospital.

Nineteen Cage Teams To Play In 3 Classes

Interest is keen in the Comanche County Boys Interscholastic League basketball tournament which gets underway today in the Sidney High School gymnasium.

The tournament will be played in three divisions—Class A, B, and C. The play will open this morning with a game between De Leon and Comyn with the Bearcats a slight favorite. Sidney, for the first time, will play in the Class A division and is matched with Comanche in the second game in what should be a toss-up with whatever advantage there is in favor of the Eagles. Gustin, which team was beaten by Comanche by one point last year and again by the same score this year in the recent Sidney Invitation Tournament draws a bye, but must play the winner of the Comanche-Sidney game. Winner of the De Leon-Comyn game gets a bye in the second round and the winner of the opener is thereby insured a place in the finals.

In the Class B division, the strong Haste team meets Beattie in the first game and is a slight favorite. Duster plays Proctor in the second game, while Sipe Springs gets the bye.

Newburg opens the Class C division with a game against the strong Pettit team, but the former is favored to win. Lamkin should win over Wilson in the second game. In the third game, Oliver Springs meets Downing while Van Dyke gets the bye.

GEORGE C. MCKENZIE NAMED TO CHAMBER OF COMMERCE BOARD

George C. McKenzie, of the Farmers Produce Company, was elected a member of the Comanche Chamber of Commerce Board of Directors to succeed William C. Chilton, resigned.

Mr. McKenzie is interested in promoting the dairy and poultry industry of this section.

Candidate

Entering politics for the first time, is Hugh White, pictured above. White, a Comanche High School graduate and ex-business college student, is now managing his father's cafe. He is a candidate for District Clerk.

Agent Outlines Program For Local Farmers

(By N. E. Scudder, County Agent)

Instructions have been received from the State office for the county organization to secure 1937 work sheets on all farms that did not sign same last year.

The purpose of this campaign at this time is to secure a complete record on all farms in the county so that 1938 goals (bases) may be established on every farm in the county when they are allotted by the State committee. A record of all farms covered by work sheets signed last year is already in the office files and farmers who operate these farms this year need not bother about signing up at this time.

Last year many non-signers filed certificates of cotton sales in the office for parity payments which will amount to about \$15.00 per bale on 85 per cent of their adjusted base production. Others borrowed from the Government on their cotton look forward to the parity payment when they complete sales. Before any applicant can receive the payment due him he will have to sign a 1937 work sheet and show compliance with the program in 1938.

The community committees are now accepting and writing up work sheets on farms not covered in 1937. If you are one of these and expect to farm in 1938 either peanuts, cotton or general crops, it is necessary that you see your community committeeman and file your record at once so your farm will receive its proper goal when the allotment is made.

After the appointments now being held over the county by community committeemen and others, singing work sheets in the office at Comanche will be continued. But everyone is urged to attend to this matter at the earliest convenience so as to get our county quota as soon as possible.

LOCAL K. OF P. LODGE ATTENDS GORMAN MEET

Sixteen members of the Comanche K. of P. Lodge attended a meeting of the Gorman Lodge Monday night. The rank of Knight was conferred upon Pete Love and Eugene Rauhut, of Comanche, along with four candidates of the Gorman lodge. Following the business session refreshments of coffee, cakes, and sandwiches were served.

Those attending from Comanche were Hobart Atterbury, A. J. Blevins, Nap Thomas, D. P. Parker, J. V. Lee, Doc McNutt, George Willis, Carl Stewart, Gilmore Durham, George Reeves, Tom Wortham, Sam F. Todd, Buford Powers, Wid Spivey, Pete Love and Eugene Rauhut.

Mrs. W. N. Davis of Snyder is visiting her sister, Mrs. Jess H. Harris.

Beattie Girls To Meet Undeclared Gatesville Team

The Beattie girls basketball team, Comanche County champions for the last two years and favored to repeat, will play the undeclared Gatesville High School team two games at Beattie Friday. The first game will be called at 3:00 p. m., and the second at 7:00 p. m.

The Beattie girls lost two hard fought games at Gatesville in January, one by seven points and the other by three points.

Thomas B. Gaines For District Clerk

I am taking this means of announcing to the citizens of Comanche County that I am a candidate for the office of District Clerk.

I was born and reared near Proctor on my father's farm where I lived until I went away to attend school. I attended school at Proctor until my senior year. During my senior year I attended school in Dublin. While there I paid my own expense, which was necessary in order for me to continue my education. After graduating I attended the University of Texas for three years, the last year of which I was in law school. I have worked in a cafe to pay my expenses.

I sincerely believe that I can make you an able District Clerk and assure you that, if elected, I will put forth every effort to make you the best District Clerk Comanche County has ever had.

My record as a citizen, both at home and at the place where I attended school is open for investigation. If in doubt, I will appreciate any inquiry you may make.

I think that I have a fine group of opponents, but I want your vote. Any consideration that may be given me in the coming election will certainly be appreciated.

THOMAS B. GAINES

4-H Clubbers Show Profits

(By N. E. Scudder, County Agent)

There were six 4-H Clubs organized in the county in 1937 with 97 members. In addition there were 16 members enrolled outside organized clubs making the total membership 113. Thirty-five 4-H Club meetings were held with a total attendance of 727. Fifteen members attended a 3-day rally at the District Encampment in Brownwood.

During the year re-arrangement of school throughout the county, some rural schools were closed and eligible club members transferred to centralized schools to the extent that active club membership was reduced to 75. Of this number 38 completed and turned in record books on their respective projects as follows:

Twenty-seven field crop demonstrations on 75.5 acres operated at a cost of \$381.86 showed a gross income of \$1,168.94 or a net profit of \$787.08 or \$10.40 per acre.

Eleven livestock and poultry demonstrations involving 461 animals were operated at a cost of \$245.71 showed an income of \$462.87 or a net profit of \$217.06. This represents an average profit of 47c per head mostly poultry.

The total profit shown by the 38 members reporting was \$1004.14, or an average of \$26.42 for members reporting.

More boys and girls should join the 4-H Clubs and take part in this wonderful organized effort to raise the farm income and to demonstrate better methods of farming and livestock production throughout the county.

Rev. and Mrs. E. M. Shepard attended a meeting of the Brownwood Presbytery at Coleman last Thursday.

In September, The Farmers Produce Company submitted a proposition to the citizens of Comanche through the Chamber of Commerce that the company would buy two fine Jersey bulls for Comanche County farmers if Comanche would buy a like number. Up to now nothing has been done about it. At the same time the proposition was submitted to Comanche, a similar proposition was made to Stephenville citizens where the firm also has a cheese factory. Stephenville people at once accepted the proposition and bought the bulls and as a result six registered bulls were placed in Erath County.

The Farmers Produce Company is anxious to build up the dairy industry in this section and feels that the added income to the farmers would bring prosperity to the entire county as well as to the plant and farmers and for that reason asks the co-operation of the people in the matter. A cheese factory can operate profitably only where the dairy business is improving.

Today, or early next week, a committee of business men will call on firms and individuals of Comanche for donations to help buy the bulls. As the cheese plant brings in thousands of dollars each month to the farmers which eventually reaches nearly every business man in town, the money spent for the bulls is really an investment instead of a donation.

The four bulls when purchased will be distributed over the county in bull circles to be loaned to dairymen who wish to better their herds by breeding their cattle to high class Jersey bulls.

Carl Roberts To Erect New Home

Another new residence for Comanche County became a reality last week when workmen began a nice rock veneer house for Mr. and Mrs. Carl Roberts. The new building is located on the farm four miles south of Comanche which Mr. Roberts recently purchased from the O. Handley Estate.

Mr. Roberts also acquired some other property recently when he traded his farm where he has been living for several years to T. J. Williams for another farm. The trade enabled Mr. Williams to add the land to his ranch property which he adjoined. The Williams Ranch which is managed by King Jones is now one of the most attractive small ranches in this section of the State.

BANKS TO REMAIN CLOSED SATURDAY

On account of Lincoln's birthday, the two Comanche banks will remain closed Saturday. An advertisement giving notice of the closing is carried elsewhere in this issue.

L. B. Russell says that he did not fully realize how superior God was to man until he bought his first false teeth.

O. H. Moore of De Leon says that he will likely be a candidate for the Legislature. Moore taught school in this county for a number of years and is an advocate of a liberal pension.

Appealing to her readers to renew their subscription, Mrs. A. Cowan, Editor of The San Saba Star says, "We said some nice things about you when you were born, when you graduated, when you married, and we intend to say something nice about you when you die."—Another incentive for right living.

It is well for a girl to determine early the difference between attention and intention if she wants to avoid spinsterhood, says Dorothy Dix.

"Give Light and the people will find their own way," says The Fort Worth Press.

A diplomat is a man who remembers a woman's birthday, but not her age.

De Leon is making an effort to secure a poultry dressing plant and the Chamber of Commerce sent a committee to interview leading concerns in this section of the State. It is understood that they are offering a bonus and certain concessions. Representatives were in Comanche one day last week.

Have you noticed the nice market place Stephenville has erected on Highway 10 just off their square? Comanche needs such a place where the farmers can sell their products. The court house square has been used for that purpose the last two seasons, but that has not been altogether satisfactory.

The Texas State bird is the mocking bird. It was selected by the Fortieth Legislature in 1927.

Unique services were held at the Comanche Methodist Church last Sunday evening. Mr. and Mrs. D. G. Hampton received a Bible offered to the couple who had been married longest. They have been married 47 years. Bob Baker, manager of Perry Brothers, and Mrs. Baker who married Christmas won the prize offered to the couple who most recently had married. Mrs. Ray Little, 43, the youngest grandmother present, and Mr. and Mrs. Troy Marshall who with six children were present received the prize for the largest family present.

Harold Williams, son of Mr. and Mrs. T. J. Williams of Comanche, was elected president of the De Leon Chamber of Commerce at the annual meeting last week. Mr. Williams is manager of the Higginbotham store at De Leon and is doing a good job of it according to reports. His elevation to the presidency of the Chamber of Commerce is a token that the other business men of De Leon have confidence in his ability.

Bible Thought: "Heaven and earth shall pass away, but my word shall not pass away."—Luke 21:33.

In a county the size of Comanche, every dollar paid for auto license remains in the county to be spent on county roads, yet some of our citizens insist on buying their license out of the county which practice not only deprives the county of money, but is actually a violation of the law.

Many of the large Universities which did away with teaching German during the World War, have now restored that course. When we were a student at the University of Texas, our roommate was a full blooded German as also was our land lady. Ever since we have had the highest esteem for the German people. We learned to eat Sour Kraut every meal and like it, but never could quite go raw sausage.

The Oil Belt Football District has been divided into two divisions, Eastern and Western. The Eastern consists of Stephenville, Brownwood, Breckenridge, Eastland, Cisco, and Ranger and the Western of Sweetwater, Abilene, Big Spring and San Angelo. The Western division plays two games each season, one at home and one abroad. This is a new custom in football, or at least an old custom revived. Comanche years ago played Brownwood two games each season. Two games with Hamilton, Gorman, De Leon and Dublin, might not be a bad schedule for Comanche even today.

A visit to the school last Monday cost Editor Jack Scott of the Cross Plains Review \$4.00. He had just read in a magazine where 400 college students failed to name the Treasurer of the U. S. (Not the Secretary of Treasury). He offered to give each student who would name the officer \$1.00. Four students wrote the name correctly. If you have a dollar bill, you will find the correct name on it.

Another advantage of living on the farm or running a newspaper

is that you are not concerned with the unemployment problem. We were reared on the farm and sometimes got Saturday afternoon off, but there was always plenty of work to do. When it was too wet to plow, there was always wood to cut or a fence to fix. In the newspaper business you never catch up and the whole process starts over every Friday morning.

Strawberries were on sale in Comanche last week and they looked mighty nice. We do not know how they tasted.

Comanche seems to be between two new possible oil fields, the new Duster well and a 100 barrel well at Salt Creek in Brown County.

Here is from the "55 Year Ago" column in The Williamson County Sun—"Mr. W. W. Kilpatrick has bought of R. W. Smith a half interest in the latter's lively stable and Omnibus business." This refers to our Mr. Kilpatrick who runs the shoe shop on the south side of the Comanche square. Mr. Kilpatrick says that he made good money in the business and was the first man to purchase a hearse in Georgetown and located at the first funeral in that town in which a hearse was used. He also purchased a fine bus in which to carry the members of the bereaved family to funerals. It was also the first ever used for that purpose in Georgetown.

Don't forget the Annual Calf Show at Comanche next month. Last year the event attracted considerable attention and a large crowd.

What has become of the old fashioned hired hand? It has not been so very many years ago since practically every substantial farmer had a hired hand. He was not regarded as a paid laborer, but was regarded almost as a member of the family and could be taken into confidence as readily as any of the children.

Courtesy recalls customers and invites a new one; discourtesy drives away those you have and keeps away others.

About the only person who can afford to be gruff is the sheriff when he "pinches" a bootlegger.

Your wife may be the boss, but that doesn't mean she likes to be called, "The Boss."

If you are riding in an auto and are about to meet a horse drawn vehicle, you must come to a complete stop until he passes by if he signals by raising a hand, says an old Texas law which is still on the books.

Here are some other obsolete Texas laws which are still on our books as pointed out in an exchange:

And here's a warning, if you are a drinking man. Never take a drink of intoxicating liquor on a train in Texas; to do so subjects you to a fine of from \$10 to \$100. Then, here are the two prize statutes: It's against the law to carry pliers about with you in Texas. This dates back to the days of the fence-cutters in the fight over free range. And the other law permits you to carry a pistol, if the Indians are after you.

If you want to get rid of a peddler, no matter whether he is selling toothpicks or Emily Post's latest articles on etiquette, just tell him to go away. If he refuses, call the law. He is subject to fine of \$1 to \$25 for refusing to leave your premises.

Another article of the penal code prohibits showing of motion pictures of prize fights. This law was passed in 1910, when Texas feared race riots from the showing of pictures of the Johnson-Jeffries heavyweight championship fight.

If you like brain teasers you should be able to get quite a kick out of the following, which was given the editor of The Kerens Tribune by the Cotton Belt agent in that city says The Rockdale Reporter. The test, it is said, is used by the Bethlehem Steel Company, with two and three quarters hours allowed for its solution, and there is positively

no catch in it; every fact is relevant and must be considered. If you are "good," authorities say you can do it in from five to ten minutes. Here it is:

A train is operated by three men: Smith, Robinson, and Jones. They are fireman, engineer, and brakeman, but not respectively. On the train are three business men of the same names, Mr. Smith, Mr. Robinson, and Mr. Jones.

Consider the following data:

1. Mr. Robinson lives in Detroit.

2. The brakeman lives half-way between Detroit and Chicago.

3. Mr. Jones earns exactly \$2000 yearly.

4. Smith beat the fireman at billiards.

5. The brakeman's nearest neighbor, one of the passengers, earns exactly three times as much as the brakeman, who earns \$1000 yearly.

6. The passenger whose name is the same as the brakeman lives in Chicago.

This is the question: Who is the engineer?

The following poem was sent in through the mail with a request to dedicate it to Oscar Callaway:

I'm tired of every new brain trust thought; Of the Ship of State—now a pleasure yacht; I'm tired of cheating the court by stealth; And terribly tired of sharing my wealth.

I'm tired of Eleanor on Page No. 1; Of royal "in-law" and favorite son; I'm tired of "Sistie" and "Buzzie" Dall; I'm simply—completely—fed up with it all.

Perhaps you have heard of the Hoover Cabinet, but you may not be familiar with the Hoover bed—the big one with a depression in the middle.

Mother—"How old is your Spanish teacher, Nona?"

Nona—"I don't know, but they say she used to teach Caesar."

The social sin of eating onions was instrumental in bringing a Cleveland, Ohio, stick-up man to terms with the law. He had onions on his breath when he attempted to hold up a taxi driver and when he was arrested ten minutes later, he was still pungent with the aroma of the offensive herb. The taxi driver closed his eyes and identified him. In crime, as well as in society, it pays to be fastidious.

Remembering that a slap in the face traditionally means "fight."

Americans are aggrieved by the insult they feel the entire nation received when a Japanese sentry slapped an American embassy official in Shanghai. Nationally, we Americans would do well to treat the incident as a personal one between the man who received the blow and the impudent soldier who inflicted it. Better than that the United States be devastated by a war from which no combatant would emerge victorious.—News Digest.

NOTICE OF CONSTABLE'S SALE OF REAL ESTATE

By virtue of an Order of Sale issued out of the Honorable 95th Judicial District Court of Texas in and for Dallas County, on the 30th day of December, 1937, in the case of THE DALLAS JOINT STOCK LAND BANK OF DALLAS versus B. G. Cardwell, No. 4787-D, and to me, as Constable, directed and delivered, I have levied upon this 27 day of January A. D. 1938, and will between the hours of 10 o'clock A. M. and 4 o'clock P. M. on the first Tuesday in March A. D. 1938, it being the 1st day of said month, at the Court House door of said Comanche County, in the City of Comanche, proceed to sell at public auction to the highest bidder, for cash in hand, all the right, title and interest which B. G. Cardwell had on the 3rd day of April A. D. 1922, or at any time thereafter, of, in and to the following described property to-wit: Situated in Comanche County, Texas, and being 245 acres of land out of the T. L. Toulmin Survey; and being the same land described in deed of trust from Z. G. Cardwell to H. W. Ferguson, Trustee, dated April 3, 1922, and recorded in Book 33, Page 241, Deed of Trust Records of Comanche County, Texas;

Said property being levied on as the property of said above named persons and will be sold to satisfy a judgment amounting to \$4,850.98 against B. G. Cardwell together with 8% interest thereon from April 12, 1934, in favor of THE DALLAS JOINT STOCK LAND BANK OF DALLAS, and costs of court and the further costs of executing this writ:

GIVEN UNDER MY HAND THIS 27 day of January, A. D. 1938.

V. G. CASH, CONSTABLE, Precinct No. 1, Comanche County, Texas. (27-30)

The Federal Deposit Insurance Corporation reports that of 287,000 depositors in insured banks which were liquidated or merged up to December 31, 1937, 673, or less than 1/2 of one per cent, were not fully protected by Federal Deposit Insurance.

CITATION BY PUBLICATION IN THE SHADOW OF THE CAPITOL

(By Boyce House)

The old and the ultra-modern in sharp contrast:

Older doors of an Austin bank are of ponderous bronze with a panorama of cowboys and cattle. By day, these heavy doors—with their everlasting tribute to the romantic past—star ajar, with ordinary-looking doors just beyond. As a patron approaches the threshold, ghosts seem to open the inner doors and to close them behind him. It is done by electricity, of course.

Across the streets stands the old, three-story stone building in one corner of which O. Henry worked as a bank teller more than 40 years ago. A drug store now occupies the location. Customers consume a triple-deck sandwich or a strawberry malted milk on the spot where the life of the great short-story writer dipped into tragedy (flight to Central America and a term in prison resulted) and, from the shadows of tragedy, his life never fully emerged.

The man had a three-days' stubble and he shivered in the wind that whistled around the corner of the Driskill Hotel late on a February night. He appealed to a passerby for a dime and, when the coin was given, he added, in a brave effort at pride: "My cousin's picture hangs on the wall in there," motioning toward the lobby where the painted likenesses of statesmen are displayed. "I could get appointed to a job in Washington but I'd rather make my living automatically." And, come to think of it, who wouldn't?

HEREIN FAIL NOT, And have you before said Court, on the said first day of the next term thereof, this Writ with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Comanche, Texas, this 9th day of February A. D. 1938.

BEN WILHELM, Clerk District Court Comanche County, Texas. (29-32)

GOOD MEALS AT MCKENZIE HOTEL

For thirty-five cents you can get an excellent meal at the McKenzie Hotel just off the southeast corner of the square. The meal is served family style and there is always a variety of choice, well-cooked food. It is not necessary to notify us in advance if you wish to eat at our hotel. We also have nice clean beds and rooms at reasonable prices.—McKenzie Hotel. (12)

WE wish to thank all those who in any way assisted at the funeral of our wife and mother.—C. A. Neal and sons.

Why do without a daily paper when you can get The Comanche Chief and Fort Worth Press a year for \$3.50?

Simplicity Pattern Dress

Simplicity 2681 15c

Simple enough for office... but pretty enough for the six o'clock beau. Black or navy with a bright contrast in sash and matching slide fastener... or a bright print with a plain sash... either way is smart.

"THIS WEEK"

We have just unpacked—and now offer for sale—a lovely assortment of New Spring Prints. You'll love them—and will want to buy several patterns.

HIGGINBOTHAM BROS. & CO.

Another advantage of living on the farm or running a newspaper

is that you are not concerned with the unemployment problem. We were reared on the farm and sometimes got Saturday afternoon off, but there was always plenty of work to do. When it was too wet to plow, there was always wood to cut or a fence to fix. In the newspaper business you never catch up and the whole process starts over every Friday morning.

Strawberries were on sale in Comanche last week and they looked mighty nice. We do not know how they tasted.

Comanche seems to be between two new possible oil fields, the new Duster well and a 100 barrel well at Salt Creek in Brown County.

Here is from the "55 Year Ago" column in The Williamson County Sun—"Mr. W. W. Kilpatrick has bought of R. W. Smith a half interest in the latter's lively stable and Omnibus business." This refers to our Mr. Kilpatrick who runs the shoe shop on the south side of the Comanche square. Mr. Kilpatrick says that he made good money in the business and was the first man to purchase a hearse in Georgetown and located at the first funeral in that town in which a hearse was used. He also purchased a fine bus in which to carry the members of the bereaved family to funerals. It was also the first ever used for that purpose in Georgetown.

Don't forget the Annual Calf Show at Comanche next month. Last year the event attracted considerable attention and a large crowd.

What has become of the old fashioned hired hand? It has not been so very many years ago since practically every substantial farmer had a hired hand. He was not regarded as a paid laborer, but was regarded almost as a member of the family and could be taken into confidence as readily as any of the children.

Courtesy recalls customers and invites a new one; discourtesy drives away those you have and keeps away others.

About the only person who can afford to be gruff is the sheriff when he "pinches" a bootlegger.

Your wife may be the boss, but that doesn't mean she likes to be called, "The Boss."

If you are riding in an auto and are about to meet a horse drawn vehicle, you must come to a complete stop until he passes by if he signals by raising a hand, says an old Texas law which is still on the books.

Here are some other obsolete Texas laws which are still on our books as pointed out in an exchange:

And here's a warning, if you are a drinking man. Never take a drink of intoxicating liquor on a train in Texas; to do so subjects you to a fine of from \$10 to \$100. Then, here are the two prize statutes: It's against the law to carry pliers about with you in Texas. This dates back to the days of the fence-cutters in the fight over free range. And the other law permits you to carry a pistol, if the Indians are after you.

If you want to get rid of a peddler, no matter whether he is selling toothpicks or Emily Post's latest articles on etiquette, just tell him to go away. If he refuses, call the law. He is subject to fine of \$1 to \$25 for refusing to leave your premises.

Another article of the penal code prohibits showing of motion pictures of prize fights. This law was passed in 1910, when Texas feared race riots from the showing of pictures of the Johnson-Jeffries heavyweight championship fight.

If you like brain teasers you should be able to get quite a kick out of the following, which was given the editor of The Kerens Tribune by the Cotton Belt agent in that city says The Rockdale Reporter. The test, it is said, is used by the Bethlehem Steel Company, with two and three quarters hours allowed for its solution, and there is positively

Americans are aggrieved by the insult they feel the entire nation received when a Japanese sentry slapped an American embassy official in Shanghai. Nationally, we Americans would do well to treat the incident as a personal one between the man who received the blow and the impudent soldier who inflicted it. Better than that the United States be devastated by a war from which no combatant would emerge victorious.—News Digest.

By virtue of an Order of Sale issued out of the Honorable 95th Judicial District Court of Texas in and for Dallas County, on the 30th day of December, 1937, in the case of THE DALLAS JOINT STOCK LAND BANK OF DALLAS versus B. G. Cardwell, No. 4787-D, and to me, as Constable, directed and delivered, I have levied upon this 27 day of January A. D. 1938, and will between the hours of 10 o'clock A. M. and 4 o'clock P. M. on the first Tuesday in March A. D. 1938, it being the 1st day of said month, at the Court House door of said Comanche County, in the City of Comanche, proceed to sell at public auction to the highest bidder, for cash in hand, all the right, title and interest which B. G. Cardwell had on the 3rd day of April A. D. 1922, or at any time thereafter, of, in and to the following described property to-wit: Situated in Comanche County, Texas, and being 245 acres of land out of the T. L. Toulmin Survey; and being the same land described in deed of trust from Z. G. Cardwell to H. W. Ferguson, Trustee, dated April 3, 1922, and recorded in Book 33, Page 241, Deed of Trust Records of Comanche County, Texas;

Said property being levied on as the property of said above named persons and will be sold to satisfy a judgment amounting to \$4,850.98 against B. G. Cardwell together with 8% interest thereon from April 12, 1934, in favor of THE DALLAS JOINT STOCK LAND BANK OF DALLAS, and costs of court and the further costs of executing this writ:

GIVEN UNDER MY HAND THIS 27 day of January, A. D. 1938.

V. G. CASH, CONSTABLE, Precinct No. 1, Comanche County, Texas. (27-30)

The Federal Deposit Insurance Corporation reports that of 287,000 depositors in insured banks which were liquidated or merged up to December 31, 1937, 673, or less than 1/2 of one per cent, were not fully protected by Federal Deposit Insurance.

Still Coughing?

No matter how many medicines you have tried for your cough, chest cold, or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel the germ-laden phlegm. Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained from the very first bottle. Creomulsion is one word—not two, and it has no hyphen in it. Ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

MAMA SAYS
2 OR 3 STICKS A DAY
WILL RUN OUR
ELECTROLUX!

**SERVEL
ELECTROLUX**
THE Gas REFRIGERATOR
(OR KEROSENE)

Operates on—NATURAL GAS . . .
KEROSENE (Coal Oil) . . . BUTANE
. . . BOTTLED GAS.

HERE'S WHAT MRS. (DR.) R. P. GLENN, 896 HIGHLAND AVE., ABILENE, TEXAS, thinks of her Servel Electrolux: "We have had an Electrolux in our home for nearly two years; we get from it the most perfect refrigeration we have ever known. Our ice bills averaged \$6.00 per month, annually; another type of mechanical refrigeration cost us, for a two-year period, about \$8.00 per month. Our gas bill has increased only 14c per month. This period included the extremely hot August of 1936.

Whether it is dairy supplies, or garden stuff, or meats; whether the food is cooked or raw, its quality and taste are unimpaired after waiting in Electrolux. This is an especial advantage over week-ends and holiday seasons. Like all good servants, Electrolux does its work silently; there is neither buzz nor drone to annoy the most susceptible nerves.

Electrolux is the most easily cleaned, and the most easily kept clean of any kind of food-storage refrigerator I have known; and the defrosting is simple and adequate. Nor is there a consequent lowering of temperature to the detriment of foods. Nor the faintest of food odors. Who would wonder that we were glad that Electrolux found its place in our kitchen?"

YOUR family needs the protection of Servel Electrolux, the Gas or Kerosene refrigerator, NOW. Taking chances with the foods you eat is dangerous business. 70 Per cent of all sickness is caused by what you eat or drink. Food and milk spoil rapidly at kitchen temperatures. They must be kept cold! Servel Electrolux protects your family from sickness—by protecting your food from spoilage. Can you afford to take chances, when Servel Electrolux operates on as little as 2 or 3 cents a day? Protection for the price of a few sticks of gum!

This is because Servel Electrolux is a different kind of refrigerator—different from all others. Its freezing unit has no moving parts. It cannot wear. But moving parts do wear. Lose efficiency. Cost more and more to operate. Get noisy. Eventually wear out. Servel Electrolux has no moving parts. Just a tiny, silent gas flame takes the place of all that machinery. Gives you twice the ice the average family needs. Protection for meat, milk and left overs. Ice cream every day, if you like. And for 2 or 3 cents per day!

You don't "buy" a Servel Electrolux—it's an investment. A good investment, which not only pays back what you put in it, but pays a profit besides. It takes only a small part of that investment to put Servel Electrolux in your home. Why not NOW?

NO CHANCE FOR ARGUMENT

It pays to advertise: a Kentucky woman advertised for a husband and got one at an expense of \$2.65; he was killed six months later, and she collected \$3,000 life insurance, and a widow's pension for life. Here's also a good investment: If you are thinking of buying a used car, you'll do well to remember that no used car is any better than the dealer from whom you buy it. R. P. Hamilton Is Buried Wednesday

Funeral services for R. P. (Uncle Bob) Hamilton, 89, pioneer resident of Comanche County and for thirty years a resident of the city, were conducted Wednesday at Oakwood Cemetery, with Rev. E. N. Scarlett, Methodist minister officiating.

Uncle Bob, as he was familiarly known, died at his home in Northeast Comanche Tuesday morning following an illness of three weeks.

Pall bearers were Joe Hamilton, Ruff Hamilton and Lesley Hamilton, deceased's nephews, J. N. Lane a son-in-law, and Arnold McBride and Royce Moore, grandsons.

R. P. Hamilton was born February 8, 1849 in Travis County, Texas. He was married to Miss Millie Dancer in July, 1873 in Hamilton County. They moved to a place just northeast of Energy immediately after their marriage and resided there for thirty-five years, moving to Comanche in 1908. Mrs. Hamilton preceded Mr. Hamilton in death on May 30, 1921. Six children were born to the union: Ida Hamilton, deceased, J. W. Hamilton who died March 1, 1932, and the following survive, Mrs. G. W. Riggins of Winslow, Arizona, Mrs. O. M. Bean of Seagraves, Texas, R. A. Hamilton of Tulsa, Oklahoma, and Mrs. J. N. Lane of Big Spring.

Mrs. J. W. Hamilton and daughter made their home here with Uncle Bob, and Mrs. Riggins had been at the bedside of her father since he became ill. Mr. and Mrs. J. N. Lane and family and Mrs. Green Hamilton and children of Hamilton, were also here for the funeral services.

Mr. Hamilton is also survived by 33 grandchildren and 53 great grandchildren.

J. H. Hannah Dies At Dallas Recently

J. H. Hannah, 80, former Comanche County resident, who for many years lived in the Briar Grove community, died at his home in Dallas Friday, Feb. 4, following an illness. Interment was in a cemetery in that city Feb. 5.

Mr. Hannah moved from Comanche County to Dallas about fifteen years ago. Mrs. Hannah, the former Miss Eva Young, was a twin sister of Mrs. P. C. Sloan of Comanche. Mr. Hannah was a half-brother of Elbert Stewart, Comanche City Water Superintendent.

Those attending the funeral from Comanche were, Mrs. Pearl Phillips, Miss Ollie Sloan, Elbert Stewart, accompanied by Mrs. R. M. Scott of Comyn.

Survivors are a brother, W. J. Hannah of Cleburne; a half brother, Elbert Stewart of Comyn; a half sister, Mrs. John Robertson of Breckenridge. Two sons, Henry C. and Roy F. Hannah and two daughters, Mrs. T. L. Crabb and Mrs. Myrtle Wilhelm, and 5 grandchildren, Mrs. Marie Crabb Wood, Thomas Crabb, Martin Francis Hannah, Roy Carroll Hannah, and Patsy Ruth Hannah.

Mrs. C. A. Neal Buried Friday

Funeral services were held by Rev. Jessie Garrett, 2415 McKinley St., Fort Worth, on Friday for Mrs. C. A. Neal, who before her marriage was Miss Mattie Pauline Milton. She was born near Stephenville and came to Comanche with her parents, the late Rev. and Mrs. J. E. Milton. She had lived in Fort Worth for the last 25 years, and was a member of the Rosen Heights Baptist Church.

Interment was made in Oakwood Cemetery here on the Milton lot Friday afternoon at 3:00 o'clock. Services were conducted by a long-time friend, Rev. T. N. Carter.

Survivors are her husband, C. A. Neal; four sons, Weldon Neal of Houston, C. A. Neal, Jr., Reese Milton Neal and Ray Neal of Fort Worth. Two sisters and one brother also survive. They are Mrs. C. W. Lusk of Loop, Texas, Mrs. Arthur Croker of Comanche, and Wayne Milton of Santa Barbara, California.

Paul bearers were men from the Texas Electric Service Company, where Mr. Neal works. They were L. S. Sears, M. McDuff, H. L. Black, C. E. Black, G. Wilson and J. E. Mills.

They Arrested A One Legged Man

A few days ago in a little West Texas town a one-legged typewriter repair man was arrested. The police told him they had a City Ordinance to protect the local man. The local man proved to be lazy, inefficient, did poor work and no one wanted to patronize him. He had rather get behind a City Ordinance than to do good work. But the one-legged man who had energy and enthusiasm could beat Mr. Cry Baby in the race of life. He took the other man's work away because he did the best of work and did it on time and worked with a song in his heart.

You may wonder what this has to do with the nursery business. Here it is. Fitzgerald's Nursery never has tried to take the advantage of any law. If we had to have a law passed to bolster our business ability we would quit. We have always thought when a law was passed to protect any business or trade it was a law to protect a bunch of loafers. Had it not been for competition people would be no more intelligent than jelly fish. We like the race of life. We do now and will always try to grow the best of plants. Something that will bear prize fruit, bear quickly and not disappoint the planter. We believe the best way to meet competition is to pull the coat

Poorly Nourished Women — They Just Can't Hold Up

Are you getting proper nourishment from your food, and restful sleep?

A poorly nourished body just can't hold up. And as for that run-down feeling, that nervous fatigue, — don't neglect it!

Cardul, for lack of appetite, poor digestion and nervous fatigue, has been recommended by mothers to daughters — women to women — for over fifty years.

Try it! Thousands of women testify Cardul helped them. Of course, if it does not benefit YOU, consult a physician.

MORE ABOUT DUBBS WELL (Continued From First Page)

gravity oil, and that further activity in the area was certain. He was emphatic in stating that he was interested in purchasing several lease tracts in the general area of the well.

According to the oil operator who was in Comanche Wednesday night, further wells in the area are only awaiting pipeline connection. The oil game rules demand offset wells to be drilled on property within certain distance of producing wells. The Mrs. Walter Hattox tract, adjoining the Hodges on the east, and the Eron Hale tract, just northeast of the Hodges, are considered among the tracts most favorable for the second well to be drilled by the Dobbs interests, reports state.

Leases are bringing from \$5.00 to \$10.00 per acre as far as a mile and a half from the well. The Sells Petroleum Company is principal buyer.

Vernon Hodges has sold royalty on 90 acres at \$60.00 base.

T. E. Frazier sold royalty for \$30.00 per acre.

E. M. Phillips whose land adjoins the discovery well sold royalty at \$20.00 per acre before the well came in.

"Uncle Pet" Heathington this week leased 157 acres to the Sells Petroleum Company at \$15.00 per acre.

The Wolfe heirs tract, located across the De Leon-Sipe Springs road north from the well, has been leased by Sells Petroleum Co. at a price of \$25.00 an acre without a drilling contract.

W. N. Huddleston, whose section tract lies southeast of the Nowlin, has sold two quarters of his royalty at \$1,000.00 per quarter, or \$2,000.00 for half royalty. Sells Petroleum Co. was the purchaser.

Rumors that a rotary rig is to be moved in on the Phillips tract, a short distance north of the discovery well by East Texas operators have been prevalent. To well, it is stated, is to be financed by northern interests. Other reports say the Kirk interests have large holdings 1-4 miles Northwest from the Hodges and will map location for three new tests immediately. A 50-acre tract in the D. A. Daniel survey changed hands at a reported price of \$10 per acre.

Officials of the Dobbs organization are optimistic as to the outcome of their No. 1 Hodges. The well builds up an immense gas pressure which must be released every 24 hours. It is estimated that the gas pressure has increased from around 2,000,000 to 3,000,000 feet, and it is believed the well is good for 36 barrels an hour.

Casing is set on the lime at 2,525 in the Dobbs' Hodge No. 1 and total depth is 2,710. Initial production for this well was 400 barrels in six hours after Marble Falls lime was treated with 4,000 gallons of acid three weeks ago. The well is in the center of 640 acres which the Dallas operator retained out of an original 3,000-acre block.

MORE ABOUT R. L. DANIEL SHOT (Continued From First Page)

not to come to see her again and not to bother any members of the family.

Daniel had his son with him in his automobile when he drove to the Chancellor home in Comanche Monday morning. Members of the Chancellor family saw him stop the car in front of the residence and G. W. Chancellor went out to meet him. One shot was fired, the bullet striking Daniel in the head, the bullet entering his skull. Immediately after the shooting members of the Chancellor family went to the Dr. J. O. Lane residence and asked Mrs. Lane to telephone the Sheriff and also to call a doctor and tell them to come to the Milton residence. Sheriff Wid Spivey said that when he arrived young Daniel was still seated in his automobile and was resting his head against the steering wheel. His two year old son was sitting beside him. Sheriff Spivey said he did not know Daniel had been shot, and shook him slightly asking him what was the matter and that Daniels said, "Wade Chancellor shot me, but it did not do him any good as he shot too high." Daniel was then removed into the Chancellor residence and treated by the physician who had arrived. Some member of the Chancellor family then went to the automobile and carried the baby into the house. Dr. C. W. Gray, attending physician, said that Daniel never spoke after he arrived and that it was obvious to him that the wounded man had no chance to live as a part of his brains were working from his skull. Sheriff Spivey said he did not find a gun on Daniel nor was there one in the death car.

R. L. Daniel was married at the age of 19 to Miss Lizzie Chancellor, February 27, 1934, the ceremony being performed by Rev. J. L. Woolsey who assisted with the funeral services which were held at Taylor's Chapel Tuesday. The main services at the funeral were conducted by Roy E. Gulley, minister of the Comanche Church of Christ. Pall bearers were Kelfer Johnson, Walter Reagans, Jim Powers, Willie Evans, Earl Gressett and Clarence Haselett.

Mr. Daniel was the son of Mr. and Mrs. W. R. Daniel, highly respected people of the Taylor's Chapel community. He was born August 13, 1914 and grew up in that community and attended the Soda Springs school. In addition to his parents, he is survived by two sisters, Mrs. Arthur Hendrix of Van Dyke and Mrs. A. E. Carter of Comanche Route 1, and a younger brother, Eugene, who is still at home.

HOWARD PAYNE COLLEGE REVIVAL IS UNDERWAY

BROWNWOOD, Feb. 10.—Monday, February 6th the annual Howard Payne College Revival began under the leadership of Dr. L. R. Scarborough and Joe Trussell.

The annual revival is always a highlight in the school year at Howard Payne. Primarily a "religious" school, the college never loses sight of the ends for which it was originally founded; that is, to furnish Christian education to christian young people.

The revival is under the direction of one of the most able leaders in the Baptist Denomination, Dr. Scarborough. He is head of the Southwestern Theological Seminary, the largest school of its kind in the South. He is also a wellknown and much loved preacher.
